Calculations and Formulas

Governing SoleNumber

Calculate your Governing SoleNumber by adding the numbers in your birthday together. Day of birth + month of birth + year of birth, until you distill down to a single number between 1 and 9.

Example:
Birthdate: September 17, 2003
09.17.2003
0+9+1+7+2+0+0+3 = 22
2+2 = 4
= Governing SoleNumber 4

Purpose SoleNumber

Calculate your Purpose SoleNumber by adding these numbers together. Day of birth + month of birth + year of birth + last 2 digits of year of birth.

Example:
Birthdate: September 17, 2003
09.17.2003 plus 03 (last 2 digits of year of birth)
0+9+1+7+2+0+0+3+0+3 = 25
2+5 = 7
= Purpose SoleNumber 7

Next Best Step SoleNumber

Work out your NBS SoleNumber by adding these numbers together. Day of birth + month of birth + current year.

Example:
Birthdate: September 17.
Current year: 2023
0+9+1+7+2+0+2+3 = 24
2+4 = 6
= NBS SoleNumber 6
